Re:	CN Upload for CN 33031	CC:	

We are in receipt of your spreadsheet to associate your applications/patents with your customer number. We have compared the correspondence addresses of the applications/patents numbers from the list with the existing correspondence addresses in the PALM database and have generated a list of mis-matched addresses (error report). Please see the attached spreadsheet.

Please review all applications and patents on the attached error report spreadsheet. Once you have verified whether or not you wish to associate all of these numbers with your customer number, please mark them as such on the attached spreadsheet (i.e., yes or no) and fax it back to me at (703) 308-2840. Please note that once the Patent Electronic Business Center processes the final corrected list, the correspondence and maintenance fee addresses for each application found on the corrected list will be associated with the correspondence address from your customer number. Detailed review and verification of the application and patent numbers on the error report list is critical because any application or patent on the approved final corrected list that should not have been included will be disassociated from its proper correspondence address and assigned to you.

Notice that if the correspondence address comparison performed by the PEBC turns up a large number of applications on the error report, you may be asked to provide a new spreadsheet more consistent with the results shown from the error report.

If there are NO changes to be made, you can just fax me back to let me know that it is ok to associate all files with your customer number.

If you have any questions, please feel free to contact me at 1-866-217-9197 (toll free) or 1-703-305-3028.

Sincerely,

Keith E. Peterson
